The Alliance of Community Health Plans

Who We Are

The Alliance of Community Health Plans (ACHP) is the only national organization representing the unique payer-provider partnership model in health care. With 30 nonprofit, local health plans serving more than 22 million people across the US, ACHP plays a vital role in the future of health care.

Our growing membership spans all lines of business, including Medicare Advantage, Medicaid, individual and employer-sponsored coverage and consistently leads in care innovation, affordability, quality and patient experience. We advocate on behalf of our members, highlighting tested solutions impacting communities nationwide and a proven approach that delivers better value for patients, employers and taxpayers.

Affiliate Membership: A Valued Partnership

Your Expertise. Our Reach. A Shared Mission to Advance Better Care.

Affiliate Members are an essential part of the ACHP community. Your organization brings thought leadership, cutting-edge products, services, digital tools, consulting expertise and data solutions that help our member health plans deliver the highest-quality care to the people and communities they serve.

This elite membership goes beyond event access; it's an invitation to build lasting relationships with ACHP and our member executives. From the CEO to the Chief Medical Officer, across clinical, policy, finance and data teams, Affiliate Members have opportunities to engage with the C-suite at pivotal moments all year.

At ACHP, we view Affiliate Members as trusted partners in advancing our mission and as catalysts for innovation in care delivery, affordability and policy changes.

Others have joined CEOs on Capitol Hill to brief Congressional staff and elevate their voice with federal policymakers. Affiliate Members are also collaborating with our clinical team and the Helmsley Charitable Trust on our Chronic Disease Pledge to advance innovation in diabetes care.
