

2025 ACHP Affiliate Member Prospectus

Letter from the President & CEO

The Alliance of Community Health Plans (ACHP) is the voice of a unique payer-provider partnership model that is advancing proven solutions that deliver better value for patients, employers and taxpayers. ACHP understands the uniqueness of our industry sector and the importance of building deep relationships with partner organizations through networking, advocacy and shaping a public policy agenda focused on advancing high-quality coverage and care through payer-provider partnerships.

Affiliate Members offer our payer-provider members the cutting-edge products, services, health information technology, digital solutions, consulting insights and data analytics that keep these organizations delivering the best possible care to the members they serve.

As an Affiliate Member, ACHP recognizes that your organization can benefit from the networking opportunities with our C-suite leaders, from the CEO to the CMO, to the clinical services and data analytics team throughout the year—not simply at our conferences and summits.

ACHP Founding Members offer a wide-array of government sponsored programs, as well as commercial and self-insured programs. These innovative plans are leaders in areas such as virtual care, health equity and addressing social drivers of health. Within the Medicare Advantage plan sector, ACHP members once again outpaced competitors in CMS Star Ratings, leading on critical health measures and overall satisfaction.

The strong scores are a result of community health plans' unique approach to coverage and care **and their partnership with organizations like yourself.** When payers and providers work together with you, they're able to focus on consumers' needs—ensuring better health outcomes and an overall better care experience. As we plan our initiatives for 2025 and beyond, we are pleased to invite you to become an Affiliate Member of ACHP and to deepen your collaboration and engagement with the ACHP Founding and Select Members who provide insights and engagement to support ACHP's strategic priorities.

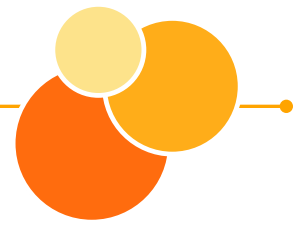

A handwritten signature in blue ink that reads "Ceci".

Ceci Connolly

As an **AFFILIATE MEMBER**, you will have the opportunity to interact, network and collaborate with the nation's top performing nonprofit health plans including the ACHP Members listed below

THE ACHP AFFILIATE MEMBERSHIP

is open to any consulting practice, firm or corporation engaged in supplying goods or services to community health plans, integrated delivery networks, physician provider groups, independent physician associations and other medical specialties. Membership in this category is subject to Founding Member approval.

Affiliate Members will have the opportunity to network with the senior leadership of the nation's top regional, nonprofit health plans serving over 22 million member lives across the United States through participation in ACHP's Summits and Conferences.

Affiliate Member Benefits Package:

- > Participation at the Spring Conference and the Annual Symposium. These two in-person meetings will provide the Affiliate Member with strong visibility and connectivity to c-suite executives.
- Invitation to participate in other ad hoc ACHP events and conferences.
- For additional fees, an Affiliate Member will have the opportunity to:
 - Host a video message on the ACHP website;
 - Exhibit at the Spring Conference and/or Annual Symposium;
 - Register additional associates from your organization, beyond the one complimentary registration for the two meetings; and
 - Host a webinar each year for ACHP members, co-promoted by ACHP and your organization.
- Participate in quarterly Federal Affairs briefings with the ACHP policy staff and senior leadership.
- > Branding as an Affiliate Member on ACHP website

Affiliate Membership Dues is \$70,000 annually.

Membership is subject to Founding Member approval.
